SPECIFICATION FEATURES

Material

Solid aluminum construction with matte white acrylic diffuser.

Finish

Standard: Natural Aluminum (NA). [Sustainable Design]
Premium: Matte White (MW), Matte Black (MB), Silver Metallic (SM), Bronze Metallic (BM) Gold Metallic (GM) or Custom Color (CC).

Optics

Refer to
www.shaperlighting.com for complete photometrics.

Ballast

Integral electronic HPF, multi-volt 120/277V (347V Canada), thermally protected with end-of-life circuitry to accommodate the specified lamp wattage.

Lamp/Socket

One (1) 13W (2GX7) 4-pin low wattage CFL or 26W (G24q-3) 4-pin quad tube CFL lamp, or one (1) 60W A-19 lamp. CFL socket injection molded plastic. INC socket fired ceramic rated for 660W-250V. Lamps furnished by others.

Installation

Supplied with a universal circular strap for a standard 4" J-box or plaster ring.

Options

CFL Dimming Ballast (26W only) - Contact the factory for ballast options (DM), Remote Emergency Battery - Supplied by others (REM), Damp Location (DL): All Painted Finishes only. Energy Star Rating - Consult factory. MRI Applications (INC only) - Contact Factory.

Labels

U.L. and C.U.L approved for indoor and damp location. See options for damp location finishing requirements.

Modifications

Shaper's skilled craftspeople with their depth of experience offer the designer the flexibility to modify standard wall luminaires for project specific solutions. Contact the factory regarding scale options, unique finishes, mounting, additional materials/colors, or decorative detailing.

Notes:

- Available with CFL only.
- Consult the factory for available options.
- 26W only.
- Supplied by others.

AMERICAN DISABILITIES ACT (ADA)
 Shaper offers a large selection of ADA interior and exterior wall luminaires. ADA requires all fixtures below 68" to have a maximum projection of 4".

STARTER COLLECTION
 Shaper's exclusive Starter Collection fixtures are featured throughout the Shaper product line. The concept of offering highly styled, affordable fixtures was introduced over fourteen years ago and has become one of our fastest growing lines. The design premise, basic construction, clean lines and unadorned shapes are highly desirable in modern architectural environments.

SUSTAINABLE DESIGN
 Shaper has a long-standing history of offering environmentally-friendly fixtures. The copper and bronze alloys used in our exterior luminaires feature up to 98% recycled content, contribute less undesirable air emissions compared to painted aluminum and are easy to recycle.

MAGNETIC RESONANCE IMAGING (MRI)
 Lighting fixtures for MRI facilities are specialized and unique, requiring non-ferrous construction. Fluorescent fixtures cannot be used due to the ferrous parts in ballasts and lampholders. Modified incandescent fixtures meet the requirements.

ENERGY STAR
 Shaper now offers a wide variety of fixtures that can be provided with an Energy Star Rating.
